

Chris Presley

The second “Chris Presley Spirit of Hope Award” will be presented at the 2010 Komen Chattanooga Race for the Cure®. This award was created to honor the memory of Chris Presley, Race Director of the Inaugural Komen Chattanooga Race for the Cure® in 2000. Chris worked for nearly a year, diligently and passionately, race planning and managing details for Chattanooga’s inaugural event, all while battling a reoccurrence of her breast cancer. Sadly, Chris, age 39, lost her battle just 3 weeks before she would be able to see the results of her countless hours of dedication and hard work. This special award is an annual acknowledgement for an individual in our community, who through their volunteer efforts with the Komen Chattanooga Affiliate, has demonstrated the same commitment and passion to the Komen Mission as Chris. And like Chris, through their extraordinary volunteer efforts, they are truly making a difference in the lives of others.
